MyMaths.co.uk

for parents!

All parents can access the full range of lessons and resources on the www.mymaths website simply by using the school login (**shanklin**) and password (**fifty**).

If you would like an introduction on how to access the various resources on the site so that you can help your child to learn, we can put on a mymaths session for parents **straight after school on Wednesday 24th October**. There are 30 spaces in the ICT suite, so it would be on a first come-first served basis (further sessions could be arranged if there is enough demand for places).

Please return the tear-off slip below to express your interest.

Yours sincerely, *David Moorse* Head teacher
